**THE TY COBB EDUCATIONAL  
FOUNDATION**

The Ty Cobb Educational Foundation was established by the late Tyrus R. Cobb for the purpose of assisting capable and deserving residents of Georgia in completing their college education. Foundation scholarships are granted to qualified students for the purpose of attending an accredited college or university full time. Most scholarships are granted for a period of one academic year and may be renewed for one or more additional years. Awards are granted to undergraduate students beyond the freshman year and to students pursuing degrees in medicine and dentistry.

All scholarships are granted without subsequent obligation of the student to the Foundation, however, former recipients and others are urged to make contributions to the Ty Cobb Educational Foundation when the circumstances permit. Although scholarships are granted only to students who are residents of Georgia, a student may be awarded a scholarship to attend an accredited college or university in Georgia or another state.
